

COALITION COMBAT AND ADVISORY FORCES IN AFGHANISTAN

AFGHANISTAN ORDER OF BATTLE

BY WESLEY MORGAN FEBRUARY 1, 2015

This document describes the composition and placement of U.S. and other Western forces in Afghanistan down to battalion level. It includes advisory and “white” special operations units, as well as many of the units that support them: artillery, engineers, explosive ordnance disposal, aviation, but not some other categories such as logistics, medical, and intelligence units, and “black” special operations forces. Some of the organizational changes that accompanied the December 2014 transition from NATO’s International Security Assistance Force to the Resolute Support Mission and from the U.S. Operation Enduring Freedom to Operation Freedom’s Sentinel remain unclear—which U.S. units, for example, fall under Operation Freedom’s Sentinel but not under the Resolute Support Mission.
